

Park School and Outreach Service

Newsletter September 2026

It's Fall coming back to me now...

Well, that's what the sun feels like! After a summer to remember, it's great to be back at school and looking forward to the year ahead. With bright new faces (and some older ones too) it's exciting to see what this year will bring.

This issue of the Newsletter will highlight Jeans for Genes day, upcoming events and the success of coding week. We'll also get a sneak peek at the new enterprise project and other such nice things.

As always, the school Facebook page, website, ClassDojo and this 'GOATest' Newsletter will keep you posted.

If your child is absent for any reason, **you must inform the school office directly**. This applies for a scheduled absence (a medical appointment etc.) or on the first morning of an absence which is unexpected. A ClassDojo message, while useful for the Form tutor, is not an acceptable form of reporting your child's absence. Thank you.

Summer Scheme-

Need I say more...

**WEAR
JEANS
CHANGE
LIVES.**

Last week our school was delighted to take part in Jeans for Genes Day!

Students and staff swapped their usual school uniform, for their favourite pair of jeans!

It was fantastic to see everyone getting involved and supporting such a worthwhile cause.

A huge thank you to all our pupils, families and staff for your generosity and for helping to make the day such a success.

Together, we raised an amazing amount.

Well done everyone, and thank you for your continued support.

PODCAST

Parkcast Episode 7 is almost here!

It will feature Mr Connolly and pupils talking about their 'Creative Connections' project.

MATHS week
10-18 OCT 2026
